To Whom It May Concern:

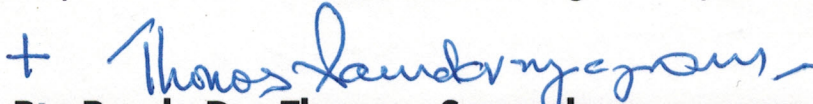

Revd. Edwin Savundranayagam, Ph.D (Gregorian University, Rome) has been on the staff in the department of Philosophy from 1984 to 1996. He served here as the Dean of the Department of Philosophy besides teaching the prescribed major philosophical courses.

He contributed much to the growth and well being of our Institute. His dedicated service was remarkable.

He authored a book titled, 'Structures to Behold' based on his researches on Western and Eastern Philosophy done for his Ph.D.

He is a good teacher and is appreciated by the students. He handles responsibilities well and works hard.

May I wish him well in his teaching ministry.
